

# De-Addiction Program

50, Arpit Nagar, Gandhi Path, Vaishali Nagar, Jaipur (Raj.) - 302021

Drug addiction has become one of the most formidable problems in the country today. The younger generation is coming under the grip of this drug. Drugs do not harm only one person but it ruins the whole family. Keeping this in mind, Help India has started the Drug-Free India Campaign. The aim of this campaign is to make people aware of their health, to explain the physical, mental, and economic losses caused by the drug, and to motivate them to quit the drug.

Help India has provided a very effective product Addiction flower stop in collaboration with B2M for quitting an addiction. Help India has provided poor families' Addiction flowers for stop free. Addiction Full Stop is made using herbs with Ayurvedic properties. Through which a large number of people have got rid of addictions like bidi, tobacco, cigarette, alcohol and other types. In the homes of which there used to be the sounds of daily beatings due to quitting drugs, today their children are living a happy life with their parents. This drug addiction campaign was launched in 2020.

Help India started this campaign in July 2020. This campaign received a lot of praise and support due to which a large number of people helped to quit drug addiction. The drug-free campaign of Help India was launched in various states of the country. A large number of people participated in these programs. The drug-free campaign of Help India was praised by everyone and helped in this noble cause.
